

Litigation

Practice Areas

Litigation

We strive to help our clients avoid potential disputes. When disputes arise, we work hard to resolve them and keep our clients out of court. At Envisage, understanding our clients' business needs and vision is key to our successful representation. That understanding helps us identify creative solutions and litigation strategies that minimize disruption and further our clients' goals.

When, however, our clients are forced to litigate, we know how to fight and win. We are passionate, unrelenting and have experience in state and federal trial and appellate courts and arbitral proceedings throughout North Carolina and throughout the United States.

We approach litigation as if your business and reputation are on the line, because they probably are. Our attorneys have extensive experience resolving disputes before trial, through mediation and arbitration. Envisage litigators are admitted to practice in all federal and state courts in North Carolina and federal jurisdictions across the country, including the United States Tax Court and United States Supreme Court.

We handle virtually all types of civil litigation involving business and have particular representation experience involving:

- Business, corporate and contract disputes
- Patent, trademark and copyright disputes
- Constitutional disputes
- Administrative law
- Construction
- Employment
- Municipal and law enforcement defense
- Non-compete and trade secret litigation
- Real estate and leases
- State and Federal appeals

We exist to help our clients achieve their visions for the future.

We stand shoulder to shoulder with our clients, helping them to anticipate, avoid and overcome challenges and obstacles to their successes.

A Rich Tradition. A Bright Future.
